Dear Parents / Guardians,

NOTIFICATION TO PARENTS (TERM 4/2023)

Term 4 School Calendar and Days of School Closure due to PSLE Examinations and Marking

1. The schedule of events for Term 4 is listed in **Annex A**. As there are several days of school closure due to the PSLE examinations and marking, kindly take note of these dates and make the necessary childcare arrangements.
2. Attached in **Annex B** are the details of the End- of-Year Examination (EYE) for Primary 3 to Primary 5 and the Term Tests for Primary 1 and Primary 2. Please support your son/ward in revising for the EYE or Term Tests. If he is absent from the EYE or Test, a Medical Certificate (MC) is required to account for his absence for the day. For absentees with valid reason, the overall marks are pro-rated. A letter from parents/guardians is **NOT** a valid reason for absence from the EYE or term tests. Absentees without a valid reason will be awarded zero marks.
3. ***Traffic Safety.*** The school seeks your cooperation in preventing potential traffic accidents at the front gate when dropping off or picking up your son/ward. Due to the heavy traffic conditions of both vehicles travelling along the road and pedestrians crossing the walkway outside of the gate along Hougang Ave 8 (main road outside the school), any stoppage of vehicles near the front gate would constitute a breach of safety. On some occasions, the cars blocked our school's entrance and caused congestion on the road. Please help the school to reinforce the importance of traffic safety and role model safety practices by dropping off or picking up your son/ward at any of the HDB car parks next to the side gate.
4. ***Consideration for Residents.*** The school seeks your understanding when you are dropping off your sons/wards in the residential carparks nearby as follows:
 - a. The school encourages you to send your sons/wards to school earlier, to minimise the need to rush to the classroom/hall/parade square for flag-raising ceremony.
 - b. Do make full use of all 3 available carparks near the school to prevent congestion and bottlenecks. The carpark nearest to side gate (between blocks 526 and 527) has been

- observed to be congested during peak period (usually close to 7.30 am). Drivers have been observed to have maneuvered dangerously on some occasions by concerned residents as well.
- c. In the event there is a congestion in the carparks, do exercise patience and avoid sounding your car horns. This causes distress to residents. You can help to role-model the school values of Respect and Compassion to your sons/wards and help the school maintain our cordial relationship with the community.
5. **Safety on the Road.** For students and parents who cycle to school, please note that cycling along the narrow pedestrian pavements just outside the school can be dangerous and may pose a danger to both the riders and pedestrians. All riders are recommended to wear appropriate protective gear as recommended by LTA. Pedestrians and riders should constantly look out for dangers by staying alert and moving at an appropriate speed.
 6. **Safety in the School Bus.** For parents whose children are taking the school bus, please be informed that it is a requirement that all children wear seat belts when in the school bus. We seek your help in reminding your children of the importance of wearing their seat belts and always remaining seated while in the school bus. Repeated failure to wear the seat belts may result in the bus company preventing your child/ward from using the school bus services. On a similar note, bus drivers are told to communicate to the school on any safety concern due to students' behaviour such as not wearing seat belt, behaving rowdily to distract the drivers etc. Parents can feedback to school on any school bus safety related concerns so that we can follow up with the bus company accordingly. The school will put in place interventions to ensure safety will not be compromised.
 7. **Safe Management Measures (SMM).** The school will continue with the community SMMs, in alignment with national posture, as Singapore becomes more Covid-resilient:
 - a. Daily visual and question screening will continue to be carried out for all students and staff. Students and staff who are unwell **OR** have COVID-like symptoms (e.g. *fever, runny nose, cough, loss of smell*) will be reminded to stay away from school. It would be recommended for students who have slight symptoms to continue to wear a face mask until they have fully recovered.
 - b. Students will continue to bring a working thermometer with them daily as part of social responsibility to check their own temperature whenever they feel unwell.
 - c. The school will continue to clean high-touch surfaces and disinfect the premises regularly.
 - d. Students will be reminded on maintaining a high level of personal hygiene such as washing their hands frequently with soap / using of hand sanitisers, refraining of touching their eyes, mouths, and noses etc.
 - e. Dismissal and recess timings will remain staggered to reduce congestions.
 - f. Students who have just recovered from Ag+/C+, as well as those who have received their Covid vaccinations will be exempted from any physical activity for 2 weeks (i.e., 14 days).
 8. **Social Responsibility to Safeguard the Well-Being of the Community.** In alignment with Singapore's endemic COVID-19 new norm, the revised guidelines in *Management of C+/Ag+ cases* will be as follows:

- **If students are unwell**

Students, including those with mild symptoms, should seek medical attention and/or stay home to rest (regardless of ART result). If their COVID-19 condition is not getting better or has deteriorated, they should seek medical treatment. Schools will mark students who test Ag+ as 'Absent with MC' without the need for MC or doctor's memo.

If students are absent from school-based Weighted Assessments or End-of-Year Examination, they must submit photo evidence of the PCR+/Ag+ test to school through the Form Teachers.

- **If students are well**

Students are allowed to return to school regardless of ART result once they are well, i.e., there is no requirement for students to produce a negative ART result to return to school. If the student still has mild symptoms or test C+/Ag+ with no symptoms, the student should exercise social responsibility by minimising close physical contact with others in large group settings and by wearing masks to school.

9. **Children's Day Celebration.** We will celebrate Children's Day on 5 Oct 2023 and students will be dismissed at 10.30am. This Children's Day, we will be having **Book Character Day** as one of the activities. The Book Character Day aims to continue to encourage students to read and use their imagination and creativity. All students have been briefed and will be given an activity sheet to guide their preparation for the Book Character Day. Students can approach their English/ Mother Tongue language teachers for assistance. We look forward to seeing all our students dressed as their favourite book character on that day.
10. **Deepavali Celebrations.** The Deepavali Celebration will be held on 3 Nov 2023 (Fri).
11. **Parent-Teacher Conference (PTC).** The PTC will be conducted on 15 Nov 2023 (Wed). There will be no lessons on 15 Nov. More details will be provided nearer the date by the Year Heads.
12. **Post PSLE Programme for P6 Students.** Attendance for the students is compulsory after PSLE as lessons will continue. Meaningful and interesting activities have been planned for the students, to ensure that learning continues. We will also be arranging sessions to guide them on their transition to secondary schooling.
13. **CCA Programme.** The final session for all after-school CCA will be on 4 Oct 2023 and resume only from 1 Nov 2023 onwards.
14. **Partnership.** We thank you for your support this year and look forward to working with you in the following year to provide positive educational experiences for our boys. May God bless you and your family.

Age Quod Agis!

Yours Sincerely,

Victor Tan
Principal
